During the year ended December 31, 2021 we had only one independent director (Corey Lambrecht) and had only established minimal formal corporate governance policies. Concurrent with our February 2022 public offering, we made significant corporate governance changes, which are set forth below.

Director Independence

The board of directors has reviewed the independence of our directors based on the listing standards of the Nasdaq Capital Market. Based on this review, the board of directors has determined that each of Corey Lambrecht, Michael Dean Smith and Ken Yonika are independent within the meaning of the Nasdaq Capital Market rules. In making this determination, our board of directors considered the relationships that each of these non-employee directors has with us and all other facts and circumstances our board of directors deemed relevant in determining their independence. As required under applicable Nasdaq Capital Market rules, we anticipate that our independent directors will meet in regularly scheduled executive sessions at which only independent directors are present.

Board Committees

Our Board has established the following three standing committees: audit committee; compensation committee; and nominating and governance committee, or nominating committee. Our board of directors has adopted written charters for each of these committees. Copies of the charters will be available on our website. Our board of directors may establish other committees as it deems necessary or appropriate from time to time.

The following table identifies the independent and non-independent current Board and committee members through the date of this filing:

Name	Audit	Compensation	Nominating and Corporate Governance	Independent
Charles A. Ross, Jr.				
Doug E. Grau				
Corey Lambrecht	X	X	X	X
Michael Dean Smith	X	X	X	X
Ken Yonika	X	X	X	X

- appointing, compensating, retaining, evaluating, terminating, and overseeing our independent registered public accounting firm;
- discussing with our independent registered public accounting firm the independence of its members from its management;
- reviewing with our independent registered public accounting firm the scope and results of their audit;
- approving all audit and permissible non-audit services to be performed by our independent registered public accounting firm;

- overseeing the financial reporting process and discussing with management and our independent registered public accounting firm the interim and annual financial statements that we file with the SEC;
- reviewing and monitoring our accounting principles, accounting policies, financial and accounting controls, and compliance with legal and regulatory requirements;
- coordinating the oversight by our board of directors of our code of business conduct and our disclosure controls and procedures
- establishing procedures for the confidential and/or anonymous submission of concerns regarding accounting, internal controls or auditing matters; and

Our audit committee consists of Corey Lambrecht, Michael Dean Smith and Ken Yonika. Ken Yonika serves as the chairman. Our board of directors has affirmatively determined that each of Corey Lambrecht, Michael Dean Smith and Ken Yonika qualify as an “audit committee financial expert,” as defined by Item 407(d)(5) of Regulation S-K.

Our board of directors has affirmatively determined that each of Corey Lambrecht, Michael Dean Smith and Ken Yonika meet the definition of “independent director” for purposes of serving on an audit committee under Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”) and Nasdaq Capital Market rules.

Compensation Committee

Our board of directors has established the compensation committee for the purpose of reviewing, recommending and approving our compensation policies and benefits, including the compensation of all of our executive officers and directors. The compensation committee is responsible for, among other matters:

- reviewing key employee compensation goals, policies, plans and programs;
- reviewing and approving the compensation of our directors and executive officers;
- reviewing and approving employment agreements and other similar arrangements between us and our executive officers; and
- appointing and overseeing any compensation consultants or advisors.

Our compensation committee consists of Ken Yonika, Corey Lambrecht, and Michael Dean Smith. Corey Lambrecht serves as the chairman. In determining that each of Corey Lambrecht, Michael Dean Smith and Ken Yonika qualify as an “independent director” pursuant to Rule 10A-3 of the Exchange Act, the board of directors also considered all factors required by Rule 5605(d)(2)(A) and any other applicable regulations or rules promulgated by the SEC and the Nasdaq Capital Market rules relating to compensation committee composition.

Nominating and Corporate Governance Committee

Our board of directors has established the nominating and corporate governance committee for the purpose of assisting the board in identifying qualified individuals to become board members, in determining the composition of the board and in monitoring the process to assess board effectiveness. Our nominating committee consists of Michael Dean Smith, Ken Yonika, and Corey Lambrecht. Michael Dean Smith serves as the chairman.

Board Leadership Structure

Our Board has not adopted a formal policy regarding the separation of the offices of Chief Executive Officer and Chairman of the Board. Rather, the Board believes that different leadership structures may be appropriate for the Company at different times and under different circumstances, and it prefers flexibility in making this decision based on its evaluation of the relevant facts at any given time.

In December 2014, Mr. Ross was appointed as Chief Executive Officer and became Executive Chairman. Under our current Board leadership structure, the Chief Executive Officer is responsible for the day-to-day leadership and performance of the Company. Mr. Grau, our President, focuses on allocation of resources.

Risk Oversight

Our board of directors will oversee a company-wide approach to risk management. Our board of directors will determine the appropriate risk level for us generally, assess the specific risks faced by us and review the steps taken by management to manage those risks. While our board of directors will have ultimate oversight responsibility for the risk management process, its committees will oversee risk in certain specified areas.

Specifically, our compensation committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements, and the incentives created by the compensation awards it administers. Our audit committee oversees management of enterprise risks and financial risks, as well as potential conflicts of interests. Our board of directors is responsible for overseeing the management of risks associated with the independence of our board of directors.

Code of Business Conduct and Ethics

Our board of directors adopted a Code of Business Conduct and Ethics that applies to our directors, officers and employees. A copy of this code will be available on our website. We intend to disclose on our website any amendments to the Code of Business Conduct and Ethics and any waivers of the Code of Business Conduct and Ethics that apply to our principal executive officer, principal financial officer, principal accounting officer, controller, or persons performing similar functions.

Family Relationships

There are no family relationships among our directors and/or executive officers.

Involvement in Certain Legal Proceedings

To the best of our knowledge, none of our directors or executive officers has, during the past 10 years, been involved in any legal proceedings described in subparagraph (f) of Item 401 of Regulation S-K.

Board Diversity

While we do not have a formal policy on diversity, our Board considers diversity to include the skill set, background, reputation, type and length of business experience of our Board members as well as a particular nominee's contributions to that mix. Our Board believes that diversity promotes a variety of ideas, judgments and considerations to the benefit of our Company and stockholders. Although there are many other factors, the Board primarily focuses on public company board experience, knowledge of the safes and concealed self-defense products industry, or background in finance or technology, and experience operating growing businesses.

Communication with our Board

Although the Company does not have a formal policy regarding communications with the Board, stockholders may communicate with the Board by writing to us at American Rebel Holdings, Inc., at 909 18th Avenue South, Suite A, Nashville, TN, 37212, Attention: Corporate Secretary. Stockholders who would like their submission directed to a member of the Board may so specify, and the communication will be forwarded, as appropriate.

Nominations to the Board of Directors

Our directors take a critical role in guiding our strategic direction and oversee the management of the Company. Board candidates are considered based upon various criteria, such as their broad-based business and professional skills and experiences, a global business and social perspective, concern for the long-term interests of the stockholders, diversity, and personal integrity and judgment.

In addition, directors must have time available to devote to Board activities and to enhance their knowledge in the growing business. Accordingly, we seek to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities to the Company.

Director Nominations

As of December 31, 2021, we did not make any material changes to the procedures by which our stockholders may recommend nominees to our Board. In February of 2022, we elected two new members to the board of directors, Messrs. Smith and Yonika.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists between our Board and the board or compensation committee of any other company, nor has any interlocking relationship existed in the past.

Options Exercised and Stock Vested Table

None of the named executive officers exercised any stock options, nor were there any restricted stock units held by our named executive officers vested, during the fiscal years ended December 31, 2021, and December 31, 2010.

Outstanding Equity Awards at Fiscal Year-end Table

None of the named executive officers held any unexercised options and unvested stock awards previously awarded as of December 31, 2021.

Potential Payments upon Termination or Change-in-Control

SEC regulations state that we must disclose information regarding agreements, plans or arrangements that provide for payments or benefits to our executive officers in connection with any termination of employment or change in control of the company. During the year ended December 31, 2020, we did not have any employment agreements with any of our executive officers, nor any compensatory plans or arrangements resulting from the resignation, retirement or any other termination of any of our executive officers, from a change-in-control, or from a change in any executive officer’s responsibilities following a change-in-control. However, on January 1, 2021, we entered into employment agreements with Charles A. Ross, Jr. and Doug E. Grau and on April 9, 2021, we entered into an employment agreement with Ronald A. Smith. All of these agreements provide for certain payments to be made in the event of a termination of their employment agreements by reason of change in control (as defined in the employment agreements). Each of them would receive: (i) a lump sum payment equal to all earned but unpaid base salary through the date of termination of employment (not applicable to Smith as he receives no salary); (ii) a lump sum payment equal to twelve (12) months Salary (not applicable to Smith as he receives no salary) plus 100% of his prior year’s bonus; and (iii) and immediate vesting of all equity awards (including but not limited to stock options and restricted shares).

Retirement Plans

We do not offer any annuity, pension, or retirement benefits to be paid to any of our officers, directors, or employees in the event of retirement.

Compensation of Directors

During the year ended December 31, 2021, we did not have any standard arrangement for compensation of our directors for any services provided as a director, including services for committee participation or for special assignments. In March of 2022, our board adopted compensation for non-employee directors. Non-employee directors receive compensation of \$60,000 per year of service, payable in restricted shares of common stock, and are paid nominal cash fees and reimbursed for costs for director and committee meetings.

ACTION 2. APPROVAL OF ARMISTICE PRIVATE PLACEMENT

On July 12, 2022, we entered into a securities purchase agreement (the “**Purchase Agreement**”) with Armistice Capital Master Fund Ltd. (“**Armistice**”) for the purchase and sale of \$12,887,976.31 of securities, consisting of (i) 509,311 shares of Common Stock at \$1.11 per share, (ii) prefunded warrants that are exercisable into 11,202,401 shares of Common Stock at \$1.10 per prefunded warrant, and (iii) immediately exercisable warrants to purchase up to 23,423,424 shares of Common Stock at an initial exercise price of \$0.86 per share, subject to adjustments as set forth therein, and will expire five years from the date of issuance.

We utilized the net proceeds from the private placement primarily to fund the acquisition of Champion Safe and its related entities, as well as for general working capital and administrative purposes.

For more information on the Purchase Agreement, or to review a copy of the Purchase Agreement, please see the Company’s Form 8-K filed with the SEC on July 8, 2022.

The Purchase Agreement requires us to obtain stockholder approval of the Armistice private placement transaction to ensure compliance with Nasdaq Listing Rule 5635(d).

NASDAQ Listing Rules

Because our common stock is traded on The NASDAQ Capital Market, we are subject to the Nasdaq Listing Rules, including Listing Rule 5635(d).

Pursuant to Listing Rule 5635(d) stockholder approval is required prior to the issuance of securities in connection with a transaction (or a series of related transactions) other than a public offering involving the sale, issuance or potential issuance of common stock (or securities convertible into or exercisable for common stock) equal to 20% or more of the common stock or 20% or more of the voting power outstanding before the issuance for less than the greater of book or market value of the stock.

We had 5,250,632 shares of Common Stock outstanding immediately prior to the Armistice private placement described above, 20% of which is 1,050,127 shares.

ACTION 3. APPROVAL OF REVERSE STOCK SPLIT

The Board recommended and the Voting Stockholders approved an amendment to American Rebel’s Articles of Incorporation to effectuate a Reverse Stock Split at an exchange ratio of up to one-for-25 (or more plainly stated, up to every twenty-five existing shares would be exchanged for one new share) as the Board may determine.

The Reverse Stock Split will have no effect on the par value of American Rebel’s Common Stock. No fractional shares will be issued in connection with the Reverse Stock Split. The proposed form of amendment to American Rebel’s Articles of Incorporation to implement the Reverse Stock Split is attached to this Information Statement as [Appendix A](#).

American Rebel’s Common Stock is currently quoted on the Nasdaq Capital Market under the symbol “AREB”.

The Board may elect not to implement the approved Reverse Stock Split at its sole discretion. The Board has the maximum flexibility to react to current market conditions and to therefore achieve the purposes of the Reverse Stock Split, if implemented, and to act in the best interests of American Rebel and its stockholders.

American Rebel’s Board intends to effectuate the Reverse Stock Split in order to maintain its listing on Nasdaq as described below or at any time within the following twelve months (the “**Effective Time**”).

Purpose of the Reverse Stock Split

The primary purpose of implementing the reverse stock split would be to raise the per share trading price of our common stock. In particular, this will help us to maintain the listing of our common stock on the Nasdaq Capital Market.

Our common stock is listed on the Nasdaq Capital Market, which has as one of its continued listing requirements a minimum bid price of at least \$1.00 per share. Recently our common stock has traded significantly below \$1.00 per share. On June 28, 2022, we received a letter from The Nasdaq Stock Market LLC indicating that we failed to comply with the minimum bid price requirement, and that we have been provided with a 180-day grace period (which expires on December 27, 2022) to regain compliance. If we are not in compliance by December 27, 2022, we may be afforded a second 180-day period to regain compliance. We will regain compliance if the bid price of our common stock closes at \$1.00 per share or more for a minimum of ten consecutive trading days. The reverse stock split proposal is intended primarily to increase our per share bid price and satisfy the Nasdaq Capital Market continued listing requirement. Reducing the number of outstanding shares of our common stock should, absent other factors, increase the per share market price of our common stock, although we cannot provide any assurance that we will be able to meet or maintain a bid price over the minimum bid price requirement for continued listing on the Nasdaq Capital Market or any other exchange.

Delisting from the Nasdaq Capital Market may adversely affect our ability to raise additional financing through the public or private sale of equity securities, may significantly affect the ability of investors to trade our securities and may negatively affect the value and liquidity of our common stock. Delisting also could have other negative results, including the potential loss of employee confidence, the loss of institutional investors or interest in business development opportunities.

If we are delisted from the Nasdaq Capital Market and we are not able to list our common stock on another exchange, our common stock could be quoted on the OTC Bulletin Board or in the "pink sheets." As a result, we could face significant adverse consequences including, among others:

- a limited availability of market quotations for our securities;
- a determination that our common stock is a "penny stock" which will require brokers trading in our common stock to adhere to more stringent rules and possibly result in a reduced level of trading activity in the secondary trading market for our securities;
- a limited amount of news and little or no analyst coverage of our company;
- we would no longer qualify for exemptions from state securities registration requirements, which may require us to comply with applicable state securities laws; and
- a decreased ability to issue additional securities (including pursuant to short-form registration statements on Form S-3) or obtain additional financing in the future.

In addition, an increase in the per share trading value of our common stock would be beneficial because it would:

- improve the perception of our common stock as an investment security;
- reset our stock price to more normalized trading levels in the face of potentially extended market dislocations;
- assist with future potential capital raises;
- appeal to a broader range of investors to generate greater investor interest in us; and
- reduce stockholder transaction costs because investors would pay lower commissions to trade a fixed dollar amount of our stock if our stock price were higher than they would if our stock price were lower.

You should consider that, although our Board believes that a reverse stock split will in fact increase the trading price of our common stock, in many cases, because of variables outside of our control (such as market volatility, investor response to the news of a proposed reverse stock split and the general economic environment), the market price of our Common Stock may in fact decline in value after effecting the Reverse Stock Split. You should also keep in mind that the implementation of a reverse stock split does not have an effect on the actual or intrinsic value of our business or a stockholder's proportional ownership in our company. However, should the overall value of our Common Stock decline after the proposed Reverse Stock Split, then the actual or intrinsic value of the shares of our Common Stock held by you will also proportionately decrease as a result of the overall decline in value.

Effects of the Reverse Stock Split

Reduction of Shares Held by Individual Stockholders. After the Effective Date each Common Stockholder will own fewer shares of American Rebel's Common Stock. However, the Reverse Stock Split will affect all of the Common Stockholders uniformly and will not affect any Common Stockholder's percentage ownership interests in American Rebel, except to the extent that the Reverse Stock Split results in any of its stockholders owning a fractional share as described below. Any fractional share shall be rounded up to the nearest whole share. Further any stockholder as of the Effective Date who owns at least 100 shares will not own less than 100 shares as a result of the Reverse Stock Split.

Change in Number and Exercise Price of Employee and Equity Awards. The Reverse Stock Split will reduce the number of shares of Common Stock available for issuance under American Rebel's equity compensation arrangements in proportion to the split ratio. Under the terms of its outstanding equity and option awards, the Reverse Stock Split will cause a reduction in the number of shares of Common Stock issuable upon exercise or vesting of such awards in proportion to the split ratio of the Reverse Stock Split which is ultimately approved by the Board and will cause a proportionate increase in the exercise price of such awards to the extent they are stock options. The number of shares of Common Stock issuable upon exercise or vesting of stock option awards will be rounded to the nearest whole share and no cash payment will be made in respect of such rounding. Warrant and other convertible security holders, if any, will also see a similar reduction of the number of shares such instruments are convertible into stock option holders described above.

Authorized Shares of Common Stock. The Reverse Stock Split, if implemented, would not change the number of authorized shares of the Common Stock as designated by American Rebel's Articles of Incorporation. Therefore, because the number of issued and outstanding shares of Common Stock would decrease, the number of shares remaining available for issuance under American Rebel's authorized shares of Common Stock would increase.

The additional shares of Common Stock that would become available for issuance if the Reverse Stock Split is implemented could also be used by American Rebel's management to oppose a hostile takeover attempt or delay or prevent changes of control or changes in or removal of management, including transactions that are favored by a majority of the stockholders or in which the stockholders might otherwise receive a premium for their shares over then-current market prices or benefit in some other manner. Although the proposed Reverse Stock Split has been prompted by business and financial considerations, stockholders nevertheless should be aware that this action could facilitate future efforts by American Rebel's management to deter or prevent a change in control.

American Rebel has no current specific plans for the issuance of the Common Stock, which would become newly available as a result of the Reverse Stock Split. Any future issuance will have the effect of diluting the percentage of stock ownership and voting rights of the present holders of American Rebel's Common Stock.

Other Effects on Outstanding Shares. If the Reverse Stock Split is implemented, the rights and preferences of the outstanding shares of the Common Stock would remain the same after the Reverse Stock Split. Each share of Common Stock issued pursuant to the Reverse Stock Split would be fully paid and non-assessable.

No Effect on Preferred Stock Voting. The voting rights attributed to the Series A Preferred shall remain unaffected by the Reverse Stock Split, if implemented, (each share of Series A Preferred shall continue to have 1,000:1 voting rights).

Regulatory Effects. American Rebel's Common Stock is currently registered under Section 12(b) of the Exchange Act, and is subject to the periodic reporting and other requirements of the Exchange Act. The Reverse Stock Split will not affect the registration of the Common Stock under the Exchange Act or American Rebel's obligation to publicly file financial and other information with the SEC. If the Reverse Stock Split is implemented in order to maintain its Nasdaq listing, American Rebel's Common Stock will continue to trade on the Nasdaq Capital Market.

In addition to the above, the Reverse Stock Split will have the following effects upon American Rebel's Common Stock:

- The number of shares owned by each holder of Common Stock will be reduced, except no current owner of 100 or more shares will be reduced to less than 100 shares;
- The per share loss and net book value of American Rebel's Common Stock will be increased because there will be a lesser number of shares of its Common Stock outstanding;
- The par value of the Common Stock will remain \$0.001 per share;
- The stated capital on American Rebel's balance sheet attributable to the Common Stock will be decreased and the additional paid-in capital account will be credited with the amount by which the stated capital is decreased; and
- All outstanding options, warrants, and convertible securities entitling the holders thereof to purchase shares of Common Stock, if any, will enable such holders to purchase, upon exercise thereof, fewer of the number of shares of Common Stock which such holders would have been able to purchase upon exercise thereof immediately preceding the Reverse Stock Split, at the same total price (but a higher per share price) required to be paid upon exercise thereof immediately preceding the Reverse Stock Split.

Shares of Common Stock after the Reverse Stock Split will be fully paid and non-assessable. The amendment will not change any of the other the terms of American Rebel's Common Stock or Preferred Stock. The shares of Common Stock after the Reverse Stock Split will have the same voting rights and rights to dividends and distributions and will be identical in all other respects to the shares of Common Stock prior to the Reverse Stock Split.

Once American Rebel implements the Reverse Stock Split, the share certificates representing the shares will continue to be valid. In the future, new share certificates will be issued reflecting the Reverse Stock Split, but this in no way will affect the validity of your current share certificates. The Reverse Stock Split will occur without any further action on the part of American Rebel's stockholders. After the Effective Date each share certificate representing the shares prior to the Reverse Stock Split will be deemed to represent a smaller number of shares than the number presently shown on the certificate.

The actual number of outstanding shares of American Rebel's Common Stock after giving effect to the Reverse Stock Split, if and when effected will depend on the number of issued and outstanding shares at the time the Reverse Stock Split is effected and the Reverse Stock Split ratio that is ultimately determined by the Board. The table below shows the Reverse Stock Split ratio and the approximate number of authorized shares of Common Stock to be outstanding for various reverse split ratios:

Reverse Stock Split Ratio	Outstanding Shares Before Reverse Stock Split⁽¹⁾	Outstanding Shares After Reverse Stock Split⁽²⁾
1-for-5	16,930,517	3,386,104
1-for-10	16,930,517	1,693,052
1-for-15	16,930,517	1,128,702
1-for-20	16,930,517	846,526
1-for-25	16,930,517	677,221

(1) Does not account for the additional issuance of shares of Common Stock after the date hereof as the result of future financings, conversion of outstanding derivative securities or other issuances, which may be substantial.

(2) Does not account for fractional share rounding or the qualification that a stockholder who owns at least 100 shares will continue to own at least 100 shares.

Certificates representing the shares after the Reverse Stock Split will be issued in due course as share certificates representing shares prior to the Reverse Stock Split are tendered for exchange or transfer to American Rebel's transfer agent. **American Rebel request that stockholders do not send in any of their stock certificates at this time.**

As applicable, new share certificates evidencing new shares following the Reverse Stock Split that are issued in exchange for share certificates issued prior to the Reverse Stock Split representing old shares that are restricted shares will contain the same restrictive legend as on the old certificates. Also, for purposes of determining the term of the restrictive period applicable to the new shares after the Reverse Stock Split, the time period during which a stockholder has held their existing pre-Reverse Stock Split old shares will be included in the total holding period.

Procedure for Implementing the Reverse Stock Split

The Reverse Stock Split will become effective upon the filing of the amendment to the Articles of Incorporation with the Nevada Secretary of State. The timing of the filing of the amendment that will effectuate the Reverse Stock Split will be determined by the Board, at any time within 12 months, based on its evaluation as to when such action will be the most advantageous to American Rebel and its stockholders. In addition, the Board reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with the Reverse Stock Split if, at any time prior to filing the amendment, the Board, in its sole discretion, determines that it is no longer in American Rebel's best interest and the best interests of its stockholders to proceed with the Reverse Stock Split. If the amendment effectuating the Reverse Stock Split has not been filed with the Secretary of State of the State of Nevada by the close of twelve months from the Record Date, the Board will abandon the Reverse Stock Split.

After the filing of the amendment, American Rebel's Common Stock will have a new CUSIP number, which is a number used to identify its equity securities, and stock certificates with the older CUSIP number will need to be exchanged for stock certificates with the new CUSIP number by following the procedures described below.

As soon as practicable after the Reverse Stock Split American Rebel's transfer agent will act as exchange agent for purposes of implementing the exchange of stock certificates for record holders (i.e., stockholders who hold their shares directly in their own name and not through a broker). Record holders of pre-Reverse Stock Split shares will be asked to surrender to the transfer agent certificates representing pre-Reverse Stock Split shares in exchange for a book entry with the transfer agent or certificates representing post-Reverse Stock Split shares in accordance with the procedures to be set forth in a letter of transmittal to be sent by American Rebel. No new certificates will be issued to a stockholder until such stockholder has surrendered such stockholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal to the exchange agent.

For street name holders of pre-Reverse Stock Split shares (i.e., stockholders who hold their shares through a broker), your broker will make the appropriate adjustment to the number of shares held in your account following the Effective Date.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

No service charges, brokerage commissions or transfer taxes will be payable by any stockholder, except that if any new stock certificates are to be issued in a name other than that in which the surrendered certificate(s) are registered it will be a condition of such issuance that (1) the person requesting such issuance pays all applicable transfer taxes resulting from the transfer (or prior to transfer of such certificate, if any) or establishes to American Rebel's satisfaction that such taxes have been paid or are not payable, (2) the transfer complies with all applicable federal and state securities laws, and (3) the surrendered certificate is properly endorsed and otherwise in proper form for transfer.

Fractional Shares

No fractional shares of Common Stock will be issued as a result of the Reverse Stock Split. Instead, stockholders who otherwise would be entitled to receive fractional shares, upon surrender to the exchange agent of such certificates representing such fractional shares, will receive a number of shares rounded up to the nearest whole share.

Accounting Matters

The par value per share of American Rebel's Common Stock will remain unchanged at \$0.001 per share after the Reverse Stock Split. As a result, on the Effective Date, the stated capital on American Rebel's consolidated balance sheet attributable to Common Stock will be reduced and the additional paid-in-capital account will be increased by the amount by which the stated capital is reduced. Per share net income or loss will be increased because there will be fewer shares of Common Stock outstanding. American Rebel does not anticipate that any other accounting consequences, including changes to the amount of stock-based compensation expense to be recognized in any period, will arise as a result of the Reverse Stock Split.

Certain Federal Income Tax Consequences

Each stockholder is advised to consult their own tax advisor as the following discussion may be limited, modified or not apply based on your own particular situation.

The following is a summary of important tax considerations of the Reverse Stock Split. It addresses only stockholders who hold the pre-Reverse Stock Split shares and post-Reverse Stock Split shares as capital assets. It does not purport to be complete and does not address stockholders subject to special rules, such as financial institutions, tax-exempt organizations, insurance companies, dealers in securities, mutual funds, foreign stockholders, stockholders who hold the pre-Reverse Stock Split shares as part of a straddle, hedge, or conversion transaction, stockholders who hold the pre-Reverse Stock Split shares as qualified small business stock within the meaning of Section 1202 of the Internal Revenue Code of 1986, as amended (the "Code"), stockholders who are subject to the alternative minimum tax provisions of the Code, and stockholders who acquired their pre-Reverse Stock Split shares pursuant to the exercise of employee stock options or otherwise as compensation. This summary is based upon current law, which may change, possibly even retroactively. It does not address tax considerations under state, local, foreign, and other laws. Furthermore, American Rebel has not obtained a ruling from the Internal Revenue Service or an opinion of legal or tax counsel with respect to the consequences of the Reverse Stock Split.

The Reverse Stock Split is intended to constitute a reorganization within the meaning of Section 368 of the Code. Assuming the Reverse Stock Split qualifies as reorganization, a stockholder generally will not recognize gain or loss on the Reverse Stock Split. The aggregate tax basis of the post-Reverse Stock Split shares received will be equal to the aggregate tax basis of the pre-Reverse Stock Split shares exchanged (excluding any portion of the holder's basis allocated to fractional shares), and the holding period of the post-Reverse Stock Split shares received will include the holding period of the pre-Reverse Stock Split shares exchanged.

PLEASE CONSULT YOUR OWN TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, LOCAL, AND FOREIGN INCOME AND OTHER TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT IN YOUR PARTICULAR CIRCUMSTANCES UNDER THE INTERNAL REVENUE CODE AND THE LAWS OF ANY OTHER TAXING JURISDICTION.

To ensure compliance with Treasury Department Circular 230, each holder of Common Stock is hereby notified that: (a) any discussion of U.S. federal tax issues in this information statement is not intended or written to be used, and cannot be used, by such holder for the purpose of avoiding penalties that may be imposed on such holder under the Code; (b) any such discussion has been included by American Rebel in furtherance of the Reverse Stock Split on the terms described herein and (c) each such holder should seek advice based on its particular circumstances from an independent tax advisor.

No Appraisal Rights

Under NRS, stockholders are not entitled to appraisal rights with respect to the proposed amendment to the Articles of Incorporation to effectuate the Reverse Stock Split.

Anti-Takeover Effects of the Reverse Stock Split

The overall effect of the Reverse Stock Split may be to render more difficult the accomplishment of mergers or the assumption of control by a principal stockholder and thus make the removal of management more difficult.

The effective increase in American Rebel's authorized and unissued shares as a result of the Reverse Stock Split could potentially be used by the Board to thwart a takeover attempt. The over-all effects of this might be to discourage, or make it more difficult to engage in, a merger, tender offer or proxy contest, or the acquisition or assumption of control by a holder of a large block of American Rebel's securities and the removal of incumbent management. The Reverse Stock Split could make the accomplishment of a merger or similar transaction more difficult, even if it is beneficial to stockholders. The Board might use the additional shares to resist or frustrate a third-party transaction, favored by a majority of the independent stockholders that would provide an above-market premium, by issuing additional shares to frustrate the takeover effort.

This Reverse Stock Split is not the result of management's knowledge of an effort to accumulate American Rebel's securities or to obtain control of American Rebel by means of a merger, tender offer, solicitation or otherwise.

Additionally, the Reverse Stock Split is not being conducted in an effort to take American Rebel private.

The form of amendment to Article VI of the Articles of Incorporation is attached as Appendix A to this proxy statement.

The proposal must be in accordance with the provisions of Rule 14a-8 promulgated by the Securities and Exchange Commission under the Exchange Act. It is suggested the proposal be submitted by certified mail — return receipt requested. Stockholders Sharing the Same Address

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single set of proxy materials addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

One set of information statement materials will be delivered to multiple stockholders sharing an address unless the affected stockholders have submitted contrary instructions. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If you no longer wish to participate in "householding" and would prefer to receive a separate set of information statement materials, please notify your broker or American Rebel. Stockholders who currently receive multiple copies of the information statement materials at their addresses and would like to request "householding" of their communications should contact their brokers or American Rebel. Please direct your written request in this regard to American Rebel at 909 18th Avenue South, Suite A, Nashville, Tennessee 37212.

Article VI – Capital Stock shall be amended to add the following section:

Section 6. Second Reverse Stock Split. Effective upon the filing of this Certificate of Amendment of Articles of Incorporation with the Secretary of State of the State of Nevada (the “Second Effective Time”), the shares of the Corporation’s Common Stock issued and outstanding immediately prior to the Second Effective Time (the “Second Old Common Stock”), will be automatically reclassified as and combined into shares of Common Stock (the “Second New Common Stock”) such that each _____ shares of Second Old Common Stock shall be reclassified as and combined into one share of Second New Common Stock. Notwithstanding the previous sentence, no fractional shares of Second New Common Stock shall be issued to the holders of record of Second Old Common Stock in connection with the foregoing reclassification of shares of Second Old Common Stock. Stockholders who, immediately prior to the Second Effective Time, own a number of shares of Second Old Common Stock, which is not evenly divisible by 100 shall, with respect to such fractional interest, be entitled to receive one (1) whole share of Common Stock in lieu of a fraction of a share of Second New Common Stock. Each stock certificate that, immediately prior to the Second Effective Time represented shares of Second Old Common Stock shall, from and after the Second Effective Time, automatically and without the necessity of presenting the same for exchange, represent that number of whole shares of Second New Common Stock into which the shares of Second Old Common Stock represented by such certificate shall have been reclassified; provided, however, that each holder of record of a certificate that represented shares of Second Old Common Stock shall receive, upon surrender of such certificate, a new certificate representing the number of whole shares of Second New Common Stock into which the shares of Second Old Common Stock represented by such certificate shall have been reclassified as set forth above. In conjunction with the Second Reverse Stock Split, no stockholder holding at least a round lot (100 shares) prior to the Second Reverse Stock Split shall have less than one round lot (100 shares) after the Second Reverse Stock Split.
